

QUALITY POLICY

KCE is firmly committed to consistently delivering products and services that meet client satisfaction, as well as ensuring that all applicable statutory and regulatory requirements pertaining to all aspects of KCE's business activities are determined, understood and met with consistently.

To achieve this, KCE's senior management are committed to:

- Addressing the internal and external risks and opportunities that can affect conformity of products and services and the ability to enhance client satisfaction are determined, addressed maintained and reviewed.
- Engaging, directing and supporting competent resources to implement, maintain and continually improve the Quality Management System
- Ensure the Quality Policy and Quality objectives are established for the QMS and are compatible with the context and strategic direction of the company.
- Periodically review the suitability and effectiveness of this policy and the Management Systems objectives, in order to enhance quality performance, as well as maintain continual improvement of the Management System that complies with or exceeds the Quality Standard ISO9001.
- Educating and training workers within the organisation so as to improve their skills, awareness & knowledge of the Management System.
- Promoting information gathering and knowledge sharing across the organisation
- Communicating the Quality Management System and policy to all relevant stakeholders to ensure that our Quality objectives and expectations are understood and maintained on all levels of the organisation.

With the above commitments KCE will continually deliver quality projects built to or exceeding our client's expectations and industry standards while consistently maintaining a high level of quality workmanship.
